35	Letter no C-886-8 dy 13-6-34 from the Dir Pub Hth recommending the redistribution of the Rs 6 crores sanctioned in G O no L 2878-91 dy 2-11-33 and the utilisation of the same for Secunderabad water supply
	----------
	The Govt suggest the reappropriation of the grant of Rs 6 crores (detailed in the margin) for the Secunderabad water supply But he has not thought it necessary to repeat sanction for the reappropriation of the Rs 6 crores sanctioned for the challenge water supply towards slum clearance in Asaf Nagar Town therefore Rs 5 crores only are available for reappropriation now and not Rs 6 crores as stated by the Director
	Submitted for orders with a draft G O for consideration
	Submitted with the connected file

Challenge Town water supply 10 crores
Bore hole latrines 2 crores

1934

SIR,

Adverting to Government Order No I 6749-51/11 133-33-14 dated the 14th June 1934 sanctioning the water supply scheme of Seringapatam town, I have the honour to state that Government's contribution inclusive of tools and plant charges, towards the scheme is Rs 12,000/- The order directed that out of this a sum of Rs 5,750/- was to be found this year and the balance next year

The Government's share of contribution for this year has already been spent It is now found that it will be possible to allot a further sum of Rs 6,000/- this year by redistribution of allotments sanctioned for other works in Government Order No L 2378-91/M1 67-33-14 dated the 31st October /12nd November 1933

The above order provided Rs 5,000/- for formation of roads in the Yedatore new town, Rs 1,000/- for water supply, Challakere town, and Rs 3,000/- for bore hole latrines

Government in their order No I 8543-6/11 67-33-32 dated the 1st June 1934 have sanctioned utilisation of Rs 2,000/- out of the amount of Rs 5,000/- sanctioned for roads etc , in Yedatore town, for the lay out of the shandy maidan at the place, leaving a balance of Rs 3,000/- available for appropriation for other purposes

There is no likelihood of Challakere taking up their

their water supply improvements this year The allotment of Rs 1,000/- for this work is available

Out of Rs 3,000/- for bore hole latrines, only Rs 1,000/- have so far been spent Rs 2,000/- are therefore available from this source

Under above three heads a total of Rs 6,000/- is thus available for Seringapatam water supply

I therefore request you to be so good as to move Government to accord sanction for re-distribution of the grants totalling R 6000 as proposed above, for utilising the same for Seringapatam water supply this year I have in anticipation of formal sanction of Government instructed the San tary Engineer to utilise the amount

I have the honour to be,

Sir,

Your most obedient servant,

Director of Health
